The choirs present the famous work "Missa Kenya" by Paul Basler, as well as a series of African choral songs, supported by a George Koulas and "Samba Kids" percussions ensemble.

The Cultural Movement of Limassol "Epilogi" is a grass-rooted non-profit organization, founded in November 1992 on the initiative of a number of people of culture who shared the vision of contributing towards a society based on human values and thus towards a better World. Today, "Epilogi" is one of the largest cultural Non-Governmental Organization in Cyprus with over 250 members mostly under the age of 30, who are actively involved in its programs. "Epilogi" has been presented in the cultural life of Cyprus through its 4 choirs (Choral Workshop, Children's Choir, Youth Choir and Mixed Choir), also through other musical performances, festivals and concerts, the annual art competitions for young talents and numerous events dedicated to literature, thus covering an audience of thousands of people every year.
